Flights

We have just been doing (Aug 2018) loads of research on Skyscanner on your behalf and found well priced return flights for £1100.

Fundraising

£100 / \$US150 - we will help you along the way to donate much needed funds which go towards the project equipment, logistics and a training program. Please contact Kirsty@island-spirit.org for help with fundraising.

Sri Lanka

We have volunteering trips between November 2018 - April 2019, please ask for more details.

More Opportunities

As an ambassador, we offer you 7% commission on each sale you make.

We have volunteering trips in November 2018- April 2019, Sri Lanka. Please ask for more details.

Why Island Spirit?

We are fully insured and everything once you arrive in Fiji is included: volunteering visas, meals, accom, activities, and transfers. We are the first company in the world to be a member of the World Fairtrade Organisation and specialise in Responsible travel so you know your money isn't going to a middle man but straight to the people you meet on the islands.

We've been in Fiji for over nine years so we know the locals you're working with personally. We are a small, social enterprise which allows you to talk directly with Kirsty, the Director, you are not one of the masses, this is more personal and you are much more connected with both the local people and environment you are in.

By just travelling with Island Spirit you are already helping generate fair income for these tiny outer island villages. For example, depending on the group size, each homestay host will receive between FJD\$30 (£12) each per person, per night with three home-cooked meals. Other similar organisations pay as little as \$15 per person. A small example of how the smaller details go a long way.

Deal

If you get five friends to book together (with yourself as six) then you go for FREE!

Suggested Subjects

Students studying subjects such as PGCE are ideal but from specialisms in: tourism, photography, geography, business, entrepreneurship, biology, marine biology, anthropology, international development can also enquire.

Accommodation

A remote island village lodge.
Rustic beachfront bures.
