“Island Spirit inspires people to make positive changes throughout travellers lives by introducing them to island-based responsible travel and sustainable projects with sensitivity to local values and tradition.”

For the first time ever, Island Spirit (the first-ever responsible travel company to be a member of the World Fairtrade Organisation) is hosting one of their 'Wildcrafted Wellness Weekends' in the UK in beautiful Cornwall. This special weekend is designed for parents and babies up to 6 months of age at time of arrival.

Our wellness experience has been designed to create flexibility and choice for those who are passionate about nurturing their baby, body, mind and soul. Treat yourself to start or continue your yoga practice from a different perspective, where you and mother nature rules.

During the weekend participants will immerse themselves in daily yoga and meditation. Guests will be treated to delicious meals using locally sourced, fresh ingredients, with Sri-Lankan inspired lunches and dinners. Included in the retreat along with ceremonies, yoga and meditation are guided clifftop walks; therapeutic healing massage; craft and wellness workshop and a unique rockpool photography workshop. There will be ample time for relaxing, reading and connecting with other guests.

Accommodation

The house is a homely venue with large, bright and spacious rooms, an open-plan kitchen, and dedicated yoga and meditation space in an old coach house in the garden where you will feel at ease, at peace and sleep very well after lots of fresh air, soul work, and exercise! It is located on the cliffs of New Polzeath on the Cornish coastal path, an area managed by the National Trust and is one of only five Marine Protected Areas in Cornwall. This area is known for its beautiful scenery - from Rock, Padstow and Daymer Bay to the Camel Estuary and rocky islets of Newland and The Mouls. The majestic cliffs, and long sandy beaches are directly outside. It is located between a large surfing beach with an expansive tidal range, great for foraging, and a smaller, hidden beach next to a multitude of fascinating rock pools.

The Surf Villa itself is stunning with spacious rooms and a nice, open community area. Kirsty planned every day individually fitting our needs with a surf lesson in the morning, street food adventures, work shops and Yoga classes on the roof top terrace. The atmosphere and surrounding, including the Yoga instructor Marcia and the surf instructor Batu, was friendly and intimate. Kirstys Eco-friendly approach to tourism is exemplary. It was a very active and diversified week. Not everything worked out as planned, but we always came up with alternatives just as good.

When we stayed with Kirsty in Midigama, Sri Lanka it exceeded all my expectations! We had so many amazing experiences here, went surfing, did yoga, had massages and even attended a cooking class. During all our time here, Kirsty was the kindest, most helpful and nicest host anyone could ask for! So thank you Kirsty, for making our trip here so special! Thanks for all the travel advice for Sri Lanka you gave us, and thank you that you responded to all our wishes! I wish I could come here again and would definitely recommend Island Spirit to anyone looking for a unique and authentic travel experience!

ISLAND SPIRIT

Ethical Through and Through

It's time we change the way we travel, let's do it consciously: offset your carbon footprint, buy locally produced meals, ditch the plastic bottle, employ the community.

Actively take part in applied conservation projects.

We are the first company in the world to be a member of the World Fairtrade Organisation and specialise in responsible travel so you know your money is going to the right places.

A unique space that prioritizes cultural values and environmental welfare while nurturing all your needs and surpassing expectations. We embrace the local community with open arms, nurture the environment and promote the sharing of skills and personal connections.

Why Island Spirit?

We are a small, Community Interest Company, social enterprise where more often than not, you will not only talk directly with Kirsty, the founder, but be taught yoga and a variety of workshops by her too. You are not one of the masses, this is more personal and you are much more connected with both the local communities and the environment you are in.
